545 Men Registered In Randall County

45-64 Age Group Is Not So Large as Predicted; Many Men Enlisted in the Navy

Randall county registered 557 men Monday in the 45-64 age group. Of this number, 15 cards were transferred to other counties. So far only 3 cards have been sent to the local board, making a total of 545 men who were added to the registration of the county.

It is expected that several more cards will be received from other counties before the end of the week. It was estimated by Selective Service officials that the registration would be approximately 700. This number will hardly be reached.

Men in this group are not counted in the military strength of the nation. Serial numbers will be given men of this group, but no order numbers will be given them at the present time. The army will not enlist men who are past their 45th year.

Occupational questionnaires are being mailed to all men who registered on Feb. 16. These questionnaires are in addition to the military questionnaires which have been mailed to all except a few of this group. Whether the occupational questionnaires will be mailed to all men who are not in service is a question for National Headquarters to decide.

The following men have enlisted during the past week:

John Plaster, navy.
Judson Edward Line, navy.
Jake Harrison, navy.
J. B. Oliver, navy.
Hugh Birdwell Self, navy.

Most of these men will be counted on the call for men from Randall county on May 4. About 25 men have enlisted since last call by Selective Service, all of whom will be counted in next Monday's quota.

Rain Boosts the Wheat Prospects

1.15 Inches of Rain This Week Brings April Total of Rain Up to 3.46 Inches

Rain Thursday and Friday amounted to 1.06 inches in Canyon.

A light shower of .09 of an inch fell last night. There was much wind and some hail with the rain.

These rains brought the total for April up to 3.46 inches. The total for the year of 1942 is now 4.56 inches.

This total moisture for the first four months compares very favorably with the moisture which came in the spring of 1941, when 4.65 inches of rain fell during the first four months.

However, May of 1941 was the month of big rains and a total of 6.90 inches fell during that one month. Rain continued until the fall months, making harvest the longest and most expensive the Panhandle has ever experienced.

Wheat farmers are highly pleased with the prospects at the present time. The crop is much more advanced than it was last spring at the same time. There is every indication that harvest will be early, and the wheat is looking fine. Unless unusually hot weather hits early in May, most farmers believe that there will be a fine crop this year with only a normal amount of rainfall.

Farmers are preparing to handle their wheat on the farms this year owing to the shortage of labor and scarcity of rubber. Many granaries are being planned by farmers over the county.

Three Men Are Indicted When Court Opened

Two indictments against three men were returned by the grand jury Monday when the April term of district court opened. Judge E. C. Nelson is presiding.

David Stogner and J. C. Pruett were charged with burglary with fire arms. Stogner is in jail and Pruett is in the army.

L. E. Edwards was indicted on a charge of assault with attempt to rape. Edwards is in jail.

These criminal cases will likely be tried next week.

The case of W. D. Muncy vs. State Highway Department started Tuesday. It is estimated that the case will take most of this week. Muncy charges that damages were done to his place south of Amarillo during the heavy rains of last year because of improper drainage. Negligence is charged by the plaintiff on the part of the highway department. The legislature granted authority to Muncy to sue the State and the case was set for this county. The Attorney General's department is representing the State.

The following are members of the Grand Jury: C. C. Stewart, foreman, C. P. Robertson, A. E. Wise, Tom Lair, D. F. Sanders, Carl B. Fuqua, John T. Moody, J. W. Byrd, Louis Wieck, Herman Kuhlman, Glenn Dowlen, Cas Jennings. The grand jury was dismissed Tuesday, subject to recall before the end of the term next week. Otto White and W. F. Barnard were bailiffs.

W. H. Turner Died Friday at Home Near Umbarger

William Harvey Turner, 71, died Friday afternoon at 4 o'clock at his home near Umbarger where he had lived for 12 years. He was a brother of the late John Turner, pioneer peace officer of the county.

The funeral was held Sunday afternoon at 4 o'clock at the Church of Christ, conducted by the minister, J. L. Banks.

Interment followed in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home. Pall bearers were: Luther Beadle, Fred Beckman, Conrad Westhoff, Frank Begert, James Hancock, W. L. Davis.

Surviving are: the wife; one daughter, Mrs. Geo. A. Frank; six grandchildren.

New Voters Will Be Honored Under Law of Congress

Plans are being made to honor about 200 new voters in Randall county on Sunday afternoon, May 17. The program will be held at the auditorium of the administration building at 3 o'clock.

Dr. S. H. Condron is in charge of arrangements and is urging all citizens of Randall county to participate. Invitations will be mailed to all clubs and organizations asking them to be present and to bring new voters who will take their places among the voting citizens this year.

Judge W. N. Stokes, Associate Justice of the 7th Court of Civil Appeals will speak.

Congress created by law this annual recognition day of new voters. However, the practice was started in Canyon four years ago, long before the law was passed by Congress.

James B. Reeves Funeral Is Held Wednesday p. m.

James B. Reeves, 74, died Wednesday morning at 4 o'clock at his home north of Canyon. The family is numbered among the pioneers of Randall county.

The funeral was held at the Griggs-Thompson Funeral Home at 4:30 o'clock yesterday afternoon, conducted by Rev. Clarence N. Wiley. Interment followed in Dreamland Cemetery.

The deceased was a member of the Christian Church at Roswell.

Surviving is one daughter, Mrs. Horace C. Follett of Inglewood, Calif.; two sisters, Mrs. J. M. Burrow of Dalhart and Mrs. M. C. Alexander of Canyon; two brothers, Newt Reeves and T. V. Reeves, both of Canyon.

County Sewing Room Opened To Women

The Randall County Sewing room has again been opened by district supervisor, Mrs. Irene H. Beck and 18 women are now employed. Others are expected to be assigned to work soon. Mrs. Beck is the former Irene Hurst of Canyon.

Mrs. Mary L. Moore, joint supervisor of the Randall and Potter Counties project is here two days each week. During the remainder of the time Mrs. M. W. Gordy is in charge of the local project.

Garments for men and children are being made at this time.

Robt. W. Foster Takes Charge of Amarillo Office

ROBERT W. FOSTER

A new office for the National Farm Loan Association will be opened in Amarillo Friday with Robert W. Foster in charge. This is a consolidation of Randall County, Potter County and Oldham County local associations. The Federal Land Bank is making such consolidations over the nation.

The new office is in the Amarillo Building. Mr. Foster will be assisted by E. J. Dunn, formerly of Canyon, and Miss Ruby Groves of Amarillo.

It will be necessary for Mr. Foster to move his family to Amarillo as soon as possible in order to be near his new work.

Hales Holstein Milk Production Winner 3rd Time

The Dairy Cow production contest in the Panhandle-Plains Dairy Show was won by the 3-year-old Holstein cow, Hales Hazel Blackie, owned by H. B. Hales & Sons of the Zita Community of Randall County with an official test for one day of 2.7 pounds of butterfat and 62.8 pounds of milk.

This is the third successive year for the Hales Holsteins to win the production contest. The cow winning the high honors this year is also the third generation of cows in the same line of breeding to win the top places in milk and butterfat production. The 1942 winner made a little higher mark in butterfat production. This indicates that the breeding of the Hales herd is not only along the right lines but is constantly improving. The herd of Hales & Sons has been consistent winners at all the state and regional shows for the past several years.

Real Incendiary Bomb Shown Firemen Here Thurs.

Members of the Canyon Fire Department were given a demonstration in handling incendiary bombs Thursday night.

G. Frank Williams, field instructor for the Texas firemen's training school, brought a real incendiary bomb here to show the firemen how to handle this type of bombs.

A large number of men witnessed the demonstration and were highly repaid by this practical demonstration.

R. E. Harter Left For San Francisco

R. E. Harter left Monday night for San Francisco where he will resume work with the postoffice department. He has been on a leave of absence for several months because of poor health.

He will be assigned to duty after arriving at the district office.

Mrs. Harter and children will remain here until the end of the school term.

OVERCOME BY GAS

Mrs. Chas. Covalt was found overcome by gas Tuesday afternoon at her home on Fourth Avenue. She was taken to the hospital and had recovered by yesterday morning.

BILL CONE TRANSFERRED

C. E. (Bill) Cone has been transferred from Kelly Field to the Officers School at Miami Beach, Fla. He is in the army Air Corps.

Historical Society To Hear Judge R. E. Underwood

Judge R. E. Underwood, prominent Amarillo attorney, will be the principal speaker at the annual banquet of the Panhandle-Plains Historical Society meeting here May 8.

It will be the 23rd annual gathering of the Society.

Judge Underwood's address will be a feature of the banquet at Cousins Hall, beginning at 8:15 p. m. His talk will deal with the colorful history of this region.

The Society's board of directors will meet at 3 p. m. in the office of Dr. J. A. Hill, president of West Texas State College. The general business session will be held in the reception room of Cousins Hall at 5 p. m. Judge James D. Hamlin of Farwell, now serving a third term as president of the Society, will preside.

Officers of the organization will inspect the work on the new annex of the Panhandle-Plains Museum, where forms for the second story are being completed. A shortage of funds for completion of the unit and a possible shortage of materials will be considered. The possibility that WPA labor will be suspended June 30 will make speedy solution of the problem essential if the walls of the annex are to be erected.

Persons attending the annual meeting will include many from the gradually thinning ranks of Panhandle pioneers. To this group will be added many of their sons and daughters, history-conscious newcomers, and staff members of West Texas State.

MRS. GARDENSHIRE DIES

Mrs. Cora Gardenshire, aunt of Alfred Bellah, died Monday at her home in Ft. Worth after a long illness.

She was a daughter of the late Sam Bellah of Canyon, and she was the last member of the Sam Bellah family.

Mrs. Gardenshire and her daughters have visited here often.

Mr. and Mrs. Roy Hudspeth of San Angelo are visiting his sister, Miss Mary E. Hudspeth, who is ill in the hospital.

Wheat Quota Decided May 2

Wheat Farmers Will Pass Upon Important Question In National Referendum

Farmers will vote Saturday, May 2, at community voting places all over the wheat producing areas of the country, on the question of continuation of Wheat Marketing Quotas on the 1942 crop. The wheat loan program is of vital importance to wheat growers according to Secretary of Agriculture Claude W. Wickard who spoke to farm leaders from eight states at Enid, Okla., Tuesday. Mr. Wickard pointed out that no loans could be made this year if the Marketing Quota is not approved by a two-thirds majority of all wheat growers voting in the referendum Saturday.

The lack of adequate space for the 1942 crop makes the position of the wheat growers critical and is another reason why the supply should be under the quota system.

Mr. Wickard called the attention of farm leaders in the wheat growing states to the fact that the war made it necessary for farmers to convert their production facilities from surplus to scarce commodities. He urged that farmers make every effort to hold as much wheat on farms as possible and to waste nothing.

Many Randall county farmers are building storage facilities in expectation of a good crop this year. Local AAA committeemen met Tuesday afternoon in Canyon for the purpose of completing plans for holding the referendum in Randall county. Voting for the Canyon Community will be in the Court House and will be in charge of L. D. Winn, assisted by J. W. Spencer and B. A. Burrus.

Eligible wheat growers of Randall county may vote at any voting place in the county.

China Relief Is Almost Up to the Quota of County

Randall county has raised $430.22 for the China Relief Fund. This lacks $69.78 of meeting the quota of $500.

Dr. H. A. Brown, county chairman, is very anxious to complete the quota by Saturday night of this week. "I hope that all who have promised donations to the fund, and those who have not been seen will make their contributions at once. I am very anxious for Randall County to go over the top in this call to help our Chinese Allies," stated Dr. Brown.

Contributions for this fund may be left with Dr. Brown, at the First National Bank, at the City Hall or at the News office.

May Food Stamps Buy Same Foods As During April

There will be no change in the April blue stamp foods list during the month of May according to announcement. Each grocery store has posted the list of groceries which are given with blue stamps.

The number of stamp users in Randall county is increasing as more people realize that they are qualified.

It was fortunate that Randall county qualified for the stamp plan early this spring, as no more counties are being taken in under the plan.

Presbyterian Students To Have Retreat

Dr. S. H. Condron is guest speaker for the Retreat which is held annually by the members and friends of the Westminster Student Association, an association of Presbyterian Students in the College. The Retreat will be held at the Methodist Camp Grounds.

On last Sunday evening the following officers were elected for the coming year: Bill Collins of White Deer, president; Dorothy Strain of Canyon, vice - president; Byron Campbell of Wildorado, secretary-treasurer, and Barbara Steele and Martha Nell Burton, co-chairmen of the social committee.

Air Corps Offers Chance Young Men

On page 3 of this issue of The News is found a message to young men to join the Air Corps. An attractive plan is being worked out and will be presented soon by the Army Officers to the young men of this section.

Watch for the date when these officers will be at West Texas State, and consult the officers when they are here.

New Coach Looks Over Fine Field Football Players

A busy man these days is Gus Miller, acting athletic director and head football and basketball coach at West Texas State.

Miller took over these positions a few days ago when it became apparent that Athletic Director Al Baggett and Head Coach Leslie Van Meter would soon be in military service.

Miller has thirteen lettermen from the football squad which lost only two games last season and placed third in the Border Conference. These are J. W. Anderson, senior back; Leslie Curb, senior end; Buford Emler, junior end; William Flowers, senior back; co-captain Joed Forbus, senior guard; Billy Polk Hall, junior back; James Love, junior tackle; J. P. McMahan, junior back; O. C. Rampley, junior guard; Leo Steinkoenig, junior end; co-captain Johnny Thomas senior tackle; Mack Winter, junior back; and Walter Word, junior end. The class standings given are listed as of next September 1.

Twenty additional squadmen and men from last fall's freshman team bring the squad up to a formidable size, but calls to military services are expected to take several lettermen and some of next fall's sophomores.

Coach Miller will announce soon selection of an assistant coach, who is said to have received notice of his election.

Miller gives a part of each afternoon to spring football practice. Cage lettermen include Douglas Groom, forward; Ledru Jacobs, forward; Clark Johnson, center; William Stockman, captain and guard; and Norman Trimble, guard. Stockman is the only starter from the Border Conference championship five. Ray Ellefson of Minneapolis at 6 feet 8 inches is the tallest of the new men. The squad will average about 6 feet 4 inches.

Funeral Services Sunday for Mrs. Oscar W. Gano

The last rites were held for Mrs. Alta Susan Gano, 45 year old wife of Oscar Gano, Sunday afternoon at 2 o'clock from the Presbyterian Church with the Rev. Alfred M. Dorsett, pastor, officiating. Mrs. Gano died in an Amarillo hospital early Saturday morning following an illness of only a few days.

Mr. and Mrs. Gano, residents of Canyon for more than 25 years, had been making their home at Lamesa where Mr. Gano is employed. Their son, Billy Gano, had remained in Canyon to finish out the school term here. Mrs. Gano was here visiting Billy when she became sick and was taken to the home of her mother, Mrs. Anna E. Gregory of Amarillo. Her condition became steadily worse and she was taken to the hospital early last week.

Mrs. Gano was a member of the Canyon Presbyterian Church.

Survivors besides the husband, son and mother are two brothers, Lee, who is in the United States Navy, and Doyle of Fort Worth, and two sisters, Mrs. Etta B. Anderson of Amarillo and Mrs. V. L. Stewart of Ennis.

Pall bearers were Ross Craig, T. V. Reeves, Dr. H. A. Brown, J. B. Allison, Ed Mickle and Rankin Russell. Burial was in Dreamland Cemetery under the direction of Griggs-Thompson Funeral Home.

ATTEND GAUT FUNERAL

Mrs. Levi Cole accompanied by her mother, Mrs. Bertha Rhoads, attended the funeral of Mrs. Cole's aunt, Mrs. J. R. Gaut, 69 years old, Monday afternoon at 3 o'clock in Amarillo. She died Sunday.

Mrs. Gaut and her late husband were former residents of Canyon during the pioneer days. He published a paper here in the early days.

Ration Books To Be Given Monday

No Sugar For Those Who Violate Terms; Teachers Will Do Work on Monday

Every person in the United States must register next Monday for sugar ration books. No one can buy sugar unless they have these stamp books.

The form of card is printed in this issue of The News. One member of each family must register for all members of the family. The person who is to register all members of the family should study this form, and have all information written out so that the cards may be filled out without delay.

Persons who live in other homes than their own must register for cards. This includes all students in West Texas State, even though they live in dormitories.

Every home must declare the amount of sugar on hand.

There is a heavy penalty for any one misrepresenting the amount of sugar on hand. If any family has more than the allotted sugar on hand, it need not be returned to the grocer, but stamps will be taken from his book in the amount of the excess sugar on hand.

Registration will be held in Canyon at the grade school building and at the West Texas State elementary school building. There will be no school Monday and all teachers will assist in the registration. Registration will start at 8 o'clock in the morning and it is hoped that all citizens will register before 5 o'clock in the afternoon.

Citizens should register at the school where their children attend. There will be registration in rural school districts only in districts which now operat school.

This is the first national registration under rationing. Other articles than sugar may be distributed by this plan in the future, and is very important that each and every citizen register Monday.

In the registration Tuesday, 38 firms in Randall county qualified under the retail, wholesale and institutional regulations.

Boys Are Urged To Stay With College Work

"Don't waste half a year."

This might well be the slogan of spring graduating classes in the high schools.

From governmental agencies in Washington, D. C. have come two recommendations to young people:

"Go to college next summer."

"Stay in college."

Skills developed in college, such as efficiency in quick mathematical computation, radio communications, welding, map and blueprint reading, and the like are regarded as essential by the War Department. Many college men, after enlisting in the Army, Navy, or Marine Corps, are being left in school to take required courses. The need for men of such training is said to be imperative.

Needs of industry and of the professions also are acute. Not only are high school students being urged to enter colleges after graduation this spring, but men and women in college are being asked to hasten their graduations.

West Texas State has arranged its summer program to meet these needs. Two terms, one of nine weeks followed by one of six weeks, will permit work approximating that of a semester, or half a long session, to be done next summer. High School graduates may, by entering West Texas State on May 27 and attending each succeeding session, finish with the A. B., B. S., or B. B. A. degree by February of 1945. Many college men will be able to obtain degrees before entering the military services.

Cemetery Association To Meet Saturday

Important business is to be discussed at the meeting of the Dreamland Cemetery Association Saturday afternoon at 3 o'clock in Thompson Club Room. Everyone is invited to attend.

Members of the Association urge that all Canyon residents interested drive to the cemetery and see what progress has been made in beautification.

M. P. Garner of Plainview visited with friends Tuesday afternoon. He was a former resident of Canyon and was County and District Clerk for many years.

THE FALLACY OF HATE

In time of war there is danger of instilling hate for the purpose of making nations war-conscious. During 1914-18, we were taught to hate the German people. As a matter of fact, the German people had little to do with the war. The Kaiser brought on the war, and whatever hatred we had should be directed toward him and his gang of killers.

Unfortunately we ceased hating as soon as the war was over. Americans withdrew within our own boundary and said we were through with Europe and all of the petty disputes among nations. From now on we would rely on our two great oceans for protection against foreign foes.

Yes, sir, we were not going to be sucked into another war and certainly no nation would again make us the sucker nation. We would have nothing to do with the League of Nations.

Americans as a whole were so instilled with their spirit of isolation and security that not even the President could awaken us with his famous "mad-dog nation" declaration. We smiled when Japan invaded China, and shrugged when Mussolini butchered the peoples of Ethiopia. Not even the warming-up spree, bloody revolution in Spain awoke us to the lurking dangers. Hitler started on his famous march and even after 14 nations had fallen we were not convinced that America was soon to become a vital part of this war. The isolationists were doing a noble job of blinding America to its dangers. Congress refused to fortify Gaum and other Pacific islands; the Japs had nothing, and would not fight us; our navy was supreme and could handle the Japs before breakfast. But why go on—you know all of the silly arguments which blinded our nation with a feeling of false security.

Hitler and the Jap war leaders deserve all the hating that we can put out just now. They must be whipped, or we perish as a nation. Americans are fully convinced that this nation is worth fighting to save.

Far-sighted leaders are now concerned as much about the future of the world as they are of winning the war. They realize that unless the United Nations are prepared to put into execution a fair and adequate post-war program, another war will have been fought in vain, and the war mongers will again be on the rampant as soon as they can muster fighting strength.

A spirit of hate may win the war, but a spirit of hate will not maintain the peace. Those leaders who started the war should be and will be eliminated, but the peoples of those great nations who have suffered because of the pre-eminence of the war mongers have a right to live. They have a right to live in peace, without the spirit of hate, but at the same time, they have the right to expect that the peace this time must be an enduring peace.

Without doubt the United States will emerge from this war with the greatest war machine on the face of the globe. We will have more ships, more planes, more guns, more ammunition, and more manufacturing plants to produce more and more death-dealing machines than any nation on earth. We may not have more men under arms, but whatever army we do have will be better trained, better equipped, and with more fighting spirit than any army on earth. They will be fighting for the future security of their homes and their nations, rather than fighting for the political ambitions of a dictator.

If the peace of the world is to be secured, then the United States must take the lead in writing a fair and equitable peace; we must see to it that a real League of Nations is created, in which shall prevail the spirit of fairness to all and favors to none. The spirit of the American policeman must prevail. You know that the policeman is the kindest and gentlest man in the land when you go to him in time of need or distress; but he is the hardest and toughest guy in the nation when dealing with the evil-doer, who treads upon the rights and privileges of others. These policemen are hired to keep the peace. They are not hired to insult those who are keeping the peace, but to suppress those who would violate the laws of decency and honesty as the dictators have been doing since 1937. There is no hate in the heart of the policeman, except when someone tries to get tough with him. There is no malice in the heart of the policeman so long as people are willing to do the right thing.

From the time the present war ends, the United States must assume the role of an international policeman. If we fail in this, and allow our indifference to again prevail we shall certainly be faced with another war in another 25 years.

ADVERTISING POWER

Dalhart Texan: It is said that Wm. Wrigley, the gum manufacturer who built a huge fortune through smart advertising, was once riding on a train with a banker. "Now that you have everything your own way," said the conservative financial man, "why don't you reduce your advertising expense? You could easily save some two million dollars a year."

Wrigley said nothing for some time, then he asked, "How fast do you suppose this train is going?" "Oh, about 65 miles an hour," replied the banker. "Then," said Wrigley, "wouldn't it be a good time to take off the engine? That would save a lot of expense."

A lot of firms, big and little, "took off the engine" during the last war when they had more business than they knew what to do with. But when they needed it in the early 1920's they found some new firm had already put it into use.

That's about advertising. But apply it any way you wish and the point is the same. You can't coast down hill all the time.

Hitler spouted off again Sunday, condemning everybody and everything in the United Nations camp. Naturally Hitler is not very well pleased with the way the war is going against the Axis. However, we fail to get enthusiastic over what Hitler says or fails to say. There might be more propaganda in his speeches than we realize. One thing is sure and certain, the war will not be over until the German people are made to suffer. An invasion of Germany is the only certain way to end this war. The Allies realize this, but are taking no chances in starting an invasion too early. Remember, Hitler had five years start in getting ready for this war.

Senator Tom Connally and Mrs. Morris Sheppard were married Saturday in New Orleans. The Senator has been a widower for several years. Senator Morris Sheppard died more than a year ago. The marriage is highly pleasing to Texans. The state has never had a team of greater Senators than during the years when Morris Sheppard and Tom Connally were working together. Today Senator Connally is the most powerful man in the Senate.

Labor unions are collecting the highest profit of the war. Labor racketeers are drunk with power, and dare the President and Congress to do anything about it. It is a fight of 10 million labor union members against 122 million citizens who are paying the war bill. If you have not written a letter to the President expressing disapproval of labor racketeers who are increasing the cost of the war, do so today.

The President should make 90% of the government press agents trade their typewriters for guns. They are useless so far as press agents are concerned, and might make good fighters. Press agents are adding much confusion in government circles as departments vie with each other for power. Get them a gun, Mr. President, and let them have a really useful occupation.

Pay no attention to wild rumors. It is rumored that a call for 120 men has been received by the local Selective Service Board for June. No call has been received—and 120 men from this county at this time would be entirely out of line—so disregard these rumors.

Subs are sinking Allied ships in the Atlantic at an alarming rate. In the meanwhile we are not building ships as rapidly as we should. Labor racketeers are handicapping construction by the use of silly and unreasonable union rules.

W. T. Choir Concert Inaugurates Observance National Music Week

At least four outstanding musical programs will mark West Texas State's observance of National Music Week, which begins Sunday, May 3.

The first of these programs will be the spring concert of the College Choir, to be presented in the auditorium of the First Methodist Church Sunday afternoon, May 3, at 4:30 o'clock. Among the numbers to be heard on this concert will be the Choir's interpretation of two favorite hymns, three negro spirituals, two original choruses written by Houston Bright, and a number of miscellaneous choruses and part-songs.

The entire community, as well as visitors are invited to attend the concert, for which there will be no admission charge. The Choir is conducted by Houston Bright.

Army Air Corps Adds Bid for College Grads

U. S. Army Air Forces have added their bid to those of the Navy and Marine Corps for the manpower of the West Texas State College student body.

The War Department has announced a plan to recruit college men here for future requirements of the Army flying services. The plan calls for the procurment of Aviation Cadets through preliminary enlistment as privates in the Air Force Enlisted Reserve. Candidates will be allowed to continue their educations until actually required for Army training. While they would be subject to call at any time, they probably would be permitted to continue their studies while making satisfactory scholastic records. Students taking special work in meteorology and communications would have an opportunity to qualify as officers.

Students who are called to duty or are graduated will be made Aviation Cadets with the opportunity to compete for commissions in the same manner as other Cadets.

In announcing the program, Lieut. General Henry H. Arnold of the Army Air Forces said:

"The successful prosecution of this war demands the creation of an air force second to none on earth, and this in turn requires the eventual enlistment as an Aviation Cadet of every young man who can qualify for service with the U. S. Army Air Forces. . . . The need is imperative—the number of those fitted for this exacting duty so limited—that without hesitation the Air Forces are asking for the co-operation of every educator in the United States."

Dean R. P. Jarrett of West Texas State has been named advisor to college students seeking enlistment in military air branches. The new Army Enlisted Reserve is open to college students who have not completed their educational training and to high school graduates who desire to enter college.

West Texas State is one of twelve Texas institutions chosen to form an Air Force Reserve.

Air Force personnel will come to the college May 5 and again May 11 and 12 to talk to college men about the new program. This party will come from the Army Air Base at Albuquerque, N. M.

Uncle Sam asks us to Hoard Coal Now

Coal is one thing the Government definitely wants us to hoard this spring and summer

● We are asked to buy coal *now*, if we are coal users, (1) to protect ourselves against a possible coal shortage next winter, and (2) to help make more freight cars available then for moving vital war material. Spreading coal shipments over a longer period than usual will do just that.

● Most folks wait until the last minute to order their winter's coal supply. Many millions of tons of coal must then be moved by rail in a very short time. Next winter's war needs and the tire shortage will put the greatest load on the railroads in their history. War freight must move first, and those who wait too long to order their coal may not be able to get prompt delivery when they need it.

● So we repeat Uncle Sam's friendly warning to us all. If you use coal, *get in your winter coal supply now,* in the off season, when transportation is available. You'll help yourself and also help win this war.

AT YOUR SERVICE—subject always to war demands, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Turn to your Santa Fe Agent for information about it.

A New Officers' Training Plan for 100,000 Men — 18 to 26 (INCLUSIVE)

Whether you are in business, in high school or college—find out now, if you can qualify for Officer's Training in the Army Air Forces.

The enemy has had a taste of American fighters in American fighting planes.

But it is only a beginning! Today the greatest air fleet of all time is being mobilized for victory.

And the U. S. Army Air Forces are ready for applications from 100,000 men to train for officers' commissions—in flight or ground crew service.

So urgent is the need that every young man from 18 to 26, inclusive, who can meet the new simplified requirements, should apply for Aviation Cadet training at once.

Under the new training plan commissions may be won not only by college men, but by high school students and men in other walks of life who have not completed formal education. Married men, too, are now acceptable.

DIPLOMAS NO LONGER REQUIRED

Almost all intelligent young men can pass the new simplified tests which determine a man's ability to master the training. If you are physically fit, by all means take the new Air Force physical examinations.

$75 A MONTH WHILE YOU TRAIN

Those accepted will go into training as quickly as facilities permit. As an Aviation Cadet, you are paid $75 per month from the time training starts, with practically all your living expenses taken care of.

You fly as you learn—working directly with your flying instructor, you are advanced strictly in accordance with your ability.

In 8 months from the time training starts, you and your fellow students try for a flying officer's commission—become one of the three musketeers of the air—a bombardier, a navigator, or a pilot—and be well started on your way in serving America and preparing yourself for the great and growing opportunities in aviation.

Three Ways to Enlist

All Men of 18 to 26 Years (inclusive)

Who pass their Aviation Cadet examination and apply for Air Cadet training,

1. may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training,

2. or they may enlist in the Air Force Enlisted Reserve and wait until they are ordered to report for Aviation Cadet training.

3. In addition to the two ways outlined above, College men and High School seniors (upon entering college) aged 18 to 26, inclusive, may enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they be called to active duty.

Men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R.O.T.C. plans.)

80% HAVE WON COMMISSIONS

You also have opportunities of winning a commission in ground service with the Air Forces. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography.

Your chances of getting a commission are excellent. This past year, about 80% of all Aviation Cadets were commissioned as Second Lieutenants—of which about 67% are now flying officers. Those who do not qualify remain in the Army Air Forces on an enlisted basis and have further opportunities to improve themselves.

YOUR PAY WHEN COMMISSIONED

As a commissioned officer, you are placed on active duty with the Army Air Forces, with pay ranging from $183 for ground officers to $245 a month for flying officers.

Due to the tremendous expansion of the Air Forces, your advancement should be rapid.

You will receive further operational training before you take your place in the greatest air army the world has ever seen—for by the time you finish training, America expects to have overwhelming superiority in the air.

AVIATION—THE COMING INDUSTRY

There is little doubt that aviation will offer brilliant opportunities after this war. You will be ready for them—not only through training and experience, but because service as an Army officer gives you executive training—helpful in whatever kind of business you enter.

FLY WITH YOUR FRIENDS

Never before has there been such an opportunity to serve your country—and particularly, to become a flying officer in the Army Air Forces.

Investigate the flying squadron of Aviation Cadets that is now being formed for training from men in this locality. Talk to your friends about it—you can apply together and share the fun and work of training.

ACT AT ONCE

For further information . . . see any Army Recruiting and Induction Station listed below, without obligation. If you want to enlist now, arrangements can be made for you to take your mental and physical examinations the same day.

You can best serve your country—and yourself—as an officer in the Army Air Forces. Join now and help win this war—help hit the enemy *first* and *hardest.* Apply now—for an early place on the list for Cadet training.

Pvt. G. W. Schaeffer Writes in Regard to Life in the Army

Geo. W. Schaeffer, prominent Randall county farmer, beat his son into the army by volunteering three days before the son was inducted. Mr. Schaeffer is a veteran of World War I, and wanted to get into this fight and see action.

The following letter addressed to Editor Ed Sprowls of the Happy Herald is of interest to all Randall county citizens:

Camp Joseph T. Robinson
Little Rock, Arkansas
April 21, 1942.

Mr. Ed Sprowls,
Happy, Texas.
Dear Editor:

I thought you might be interested in hearing about army life. I have been stuck off here in the Medical Corps for the time being. This is really an interesting experience to me, makes me feel young again. So far I have really enjoyed being with the youngsters and have never for one moment regretted my re-enlisting for the duration and six months. For one thing this was about my last chance to get back in the service and I took it and am proud of it.

Just a word about our army. There is really no comparison between it and the army of a quarter century ago. There seems to be a better spirit of comradeship between the officers and men and also the young men of today seem to have a stronger spirit of determination of a task to be done and to go ahead and finish it to the best of their ability. Also the boys of today seem to show up better as a whole, to show a better personnel, if you can understand what I mean and I am sure you can.

If you folks back home forget about your criticizing everything under the sun and trying to graft in every way and get right down to work and back up us boys we can win this war before another year. We have the man power and the determination here in camp to do it but mark my words, we must have your backing 100 per cent and are expecting it. This bunch of boys are not like the old Legion members, they are going to do things and they are going to come back and rule the country when it is over. You can count on them. They will never develop into a bunch of old maids. They are too aggressive for that. Every Buck Private thinks he is as good as the Colonel and I think the Col. realizes it too. We are being fed good, just like going to a picnic dinner every day.

I am standing it fine. In fact I have almost got myself kidded into believing I am young again. The boys have accepted me as one of them and that is something. True they call me Pop but that is just my nickname, like Shorty, Slim or Chief for the little Indian boy who is with us. I expect tho when I come back this will be my last war as I may be getting old one of these days. I guess Happy will still be there when I come back.

This really seems like a continuation of my services in the other war, just a few months instead of 25 years. I wouldn't trade places with any of you Happy guys for a million. I am going to see this thing through and it won't be long if you fellows at Happy forget about griping and hard times and lack of tires and having a good time in general and get right down to work and back up us boys. If you can't do this take down that sign in your window which says, "Proud to be An American."

As for myself, I can only say, I am proud to be an American Soldier again. Depend on us boys in camp. We are depending on you. Give 'till it quits hurting.

If you can't read this, throw it in the waste basket, that's where it belongs anyway. I always was a poor writer.

Pvt. Geo. W. Schaeffer,
Med. Corps, U. S. Army.

P. S.—I am having the time of my life. G. W. S.

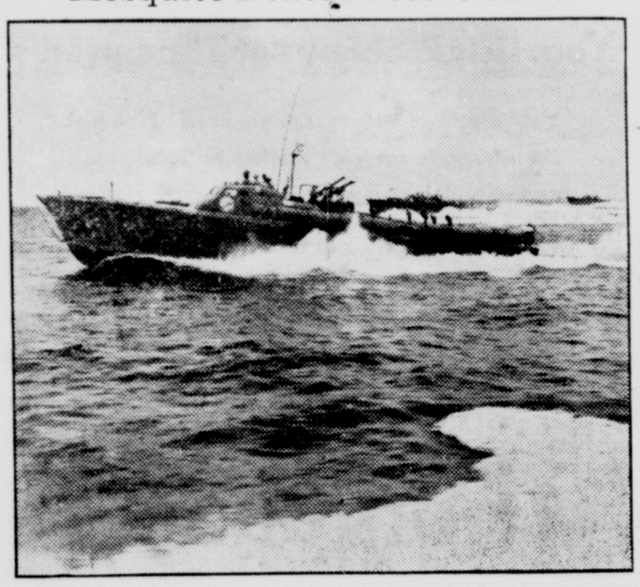
Mosquito Boats Protect Canal



Having established itself as one of the hardest hitting and most valuable units of the U. S. Navy, the patrol torpedo boat has been assigned to the 15th Naval District as a link in the chain of Panama Canal defenses. The "PT" boats, also called "mosquito boats," are difficult targets for enemy gunners because of their high speed and maneuverability.

Miss Fern Walters and Lt. James Curtis Shepherd Marry in Ariz.

MRS. JAMES CURTIS SHEPHERD

Miss Fern Walters of Canyon and Lt. James Curtis Shepherd of Williams Field, Phoenix, Ariz., were married at 8 o'clock Friday evening at a Methodist Church in Phoenix.

The Rev. Merrill, Phoenix Methodist minister, officiated at the ceremony.

Mrs. Marie Bloodworth of Canyon and Lt. MacNiven of Williams Field were attendants. Mrs. Bloodworth wore a beige suit with antique tan accessories and a corsage of gardenias.

The bride was attired in a powder blue costume suit trimmed in summer fur. Her accessories were of white and she also wore a corsage of gardenias. Wearing a lavalier belonging to her mother, she carried out the theme, "Something old, something new, something borrowed, something blue."

Mrs. Shepherd is a daughter of Mr. and Mrs. P. L. Walters. A graduate of Canyon High School, she attended West Texas State College where she was a member of Delta Zeta Chi.

The bridegroom, a son of Rev. and Mrs. J. W. Shepherd of LaGrange, attended West Texas State College here three years. He received his wings at Phoenix last week, having completed his course with the Army Air Corps. He is now an instructor at Williams Field.

Lt. and Mrs. Shepherd are at home in Phoenix at the Rose Bowl Courts, East Van Buren Street.

MRS. J. B. SPEER HOSTESS TO AS YOU LIKE IT CLUB

Pansies, grape hyacinth, lilacs, and spirea decorated the entertaining rooms at the J. B. Speer home Thursday afternoon when Mrs. Speer entertained the As You Like It Club.

Following an afternoon of bridge, refreshments of open faced sandwiches, shoestring potatoes, strawberry short cake, and coffee were served.

Special guests were Mrs. T. A. Black, Mrs. Hud Prichard, Mrs. C. L. Thompson, Mrs. Guy Harp, Mrs. Harris M. Cook, and Miss Fannie Malone. Club members present included Mrs. Dan K. Usery, Mrs. W. L. Parsley, Mrs. C. M. Presley, Mrs. F. E. Savage, Mrs. J. L. Duflot, Mrs. L. Angel, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. W. C. Kunze, Miss Edna Graham, and Mrs. Speer.

The Public Health is the foundation upon which rests the happiness of the people and the welfare of the nation. The care of the Public Health is the first duty of the statesman.—Disraeli.

ONE POUND OF SUGAR GIVEN AS HIGH SCORE PRIZE

The way Mrs. Lee Foster got rid of one pound of surplus sugar Friday was to give it as high score bridge prize when she entertained special guests and members of the Friday Afternoon Bridge Club.

The gift, carefully wrapped and tied was won by Mrs. K. E. Frieze.

A tasty salad course was served from the dining room table which was laid with a blue dinner cloth and centered with an arrangement of lilacs and spirea.

Seated were Mrs. A. K. Knott, Mrs. Frieze, Mrs. C. R. Burrow, Mrs. S. L. Ingham and Miss Irene Angel, all guests; Mrs. C. H. Jarrett, Mrs. W. L. Smith, Mrs. C. L. Thompson, Mrs. Clyde Warwick, Mrs. T. H. Knighton, Mrs. Guy Harp and Mrs. W. C. Black, club members.

MRS. TAYLOR IS EDGETOWN CLUB HOSTESS APRIL 23

The Easter program for the Edgetown Home Demonstration Club was held in the home of Mrs. Geo. I. Taylor last Thursday afternoon.

Following the business meeting a social hour was enjoyed by those present. Various contests were played.

Refreshments of ice cream with cookies were served to Mrs. P. L. Walters, Mrs. W. L. Rice, Mrs. DuBois Walker and the hostess.

Mrs. Walker will be hostess to the group on May 8 at which time Miss Frances Wilroy will give a clothing demonstration.

J. L. DUFLOT SPEAKS TO SUE HITE STUDY CLUB

The Sue Hite Study Club met Monday in Thompson Club room wtih J. L. Duflot as guest speaker.

With the topic: "Realistic View on America's Labor Problems" Mr. Duflot held that the historian of the future will view the labor problem from four angles: 1, with the attitude of the realist not influenced by prejudices of the moment; 2, he will look for a simple cause and effect relationship, but will view the labor problem as a product of multiple causation; 3, because all problems are interrelated he will realize that the labor problem is related to every other social and economic problem and cannot be considered as isolation; and 4, the historian will have the advantage of persepctive which will enable him to interpret our labor problem in its proper relation to time and space. Professor Duflot's timely discussion was well received by the club members.

A business meeting followed the program.

Those present were Mrs. T. E. Allen, Mrs. Cecil Briggs, Mrs. James H. Butler, Mrs. Herschel Coffee, Mrs. C. M. Ford, Mrs. Conrad W. Freed, Mrs. Virgil Henson, Mrs. Olin Hinkle, Mrs. Robert Jarrett, Jr., Mrs. Herschel Jennings, Mrs. K. L. Kirkland, Mrs. Hud Prichard, Mrs. J. B. Speer, Mrs. W. Holmes Smith, Mrs. Derald T. Swineford, and Mrs. Leslie Van Meter.

The last meeting of the club year will be May 11 in Thompson Club room with Mrs. Kirkland in charge. A tea will follow at the home of Mrs. Coffee, with Mrs. Speer, Mrs. Hinkle, Mrs. Henson and Mrs. L. Wirt assisting.

Miss Ruby Meek And Sgt. Strain Wed April 18

Miss Ruby Meek and Sgt. Wilford W. (Bill) Strain of Camp Blanding, Fla., were married Saturday evening, April 18, by the Methodist minister, Rev. Blackburn, at Gainesville, Fla.

Mrs. Strain, a daughter of Mr. and Mrs. I. C. Meek of Childress, attended high school there. She had recently been employed here at the Brown Health Clinic.

The bride was accompanied to Florida by her sister, Miss Joe Don Meek of Childress.

Sgt. Strain, a son of Mrs. Bertie Strain of Canyon, attended the local public schools. He attended West Texas State College three years and was a member of the Buffalo football team. He is now a sergeant in Company F, 142nd Infantry, at Camp Blanding.

Sgt. and Mrs. Strain are at home in Waldo, Fla., near Camp Blanding.

MRS. PRESLEY HOSTESS TO ACE BRIDGE CLUB

Mrs. C. M. Presley was hostess to the Ace Bridge Club Friday afternoon when all members were present.

Mrs. W. L. Parsley was presented the defense stamp as high score prize winner.

A salad plate with coffee was served to Mrs. C. M. Dowlen and Mrs. N. E. McIntire, guests, and Mrs. S. B. Loudder, Mrs. C. M. Ford, Mrs. Ed Weeks, and Mrs. Levi Cole, club members.

Pleasantview

Rayford Loudder left Saturday night for Wayland to get his mother, Mrs. George Loudder, who has been visiting her daughter, Mrs. Brown, for the past few weeks.

Mrs. Earl Burtz called at the Jim Bible home Sunday afternoon.

John Jennings, who has been in the hospital, was released Sunday afternoon. However, he will have to remain in bed for the next few days.

Mr. and Mrs. Aaron Cummins and baby visited in the Jim Spencer home Sunday afternoon.

Charlie Davenport and son, Edwin visited in the Earl Burtz home Sunday afternoon. Mr. Burtz has been on the sick list this week.

Mr. and Mrs. Milton Dooley and daughter were in Amarillo Saturday on business.

Mrs. A. B. Haynes called in the Milton Dooley home Tuesday evening.

Cliford and Ronald Gene Burtz accompanied Mr. and Mrs. Jack Barnard on a fishing trip Sunday.

METHODIST CHURCH

Regular church services will be held at the Methodist Church Sunday with Attorney W. F. Nix filling the pulpit at the 10:50 o'clock hour. The evening services will be in charge of the young people under the direction of Dr. S. H. Condron.

The pastor, Rev. C. C. Armstrong has been in Louisville, Ky., this week where he was a delegate to the Section of Church Extension of the Board of Missions and Church Extension. Rev. Armstrong is chairman of the Board of Missions and Church Extension of Northwest Texas Conference.

Summer Work Is Vital to Many

Coming Session Lengthened To 15 Weeks—Beginning Students Are Favored

Many students will attend the Summer Session opening May 27 to prepare for jobs expected to be available next fall. War industries which will be erected in this section during the summer will create many openings, but the requirements involved make attendance at the coming term vital to many persons.

In fact, it will be an "opportunity session" for both beginning students and the others. Surveys made recently have shown that half of the nation's spring high school graduates are interested in the "speed up" college programs. By entering West Texas State May 27 and attending each succeeding session, a student may complete work for his degree by February of 1945.

Military branches are urging young men to get all of the college training possible before they are drafted. The Navy and Marine Corps are enlisting freshmen and other college men and are permitting them to remain here for additional training.

The Summer Session will be of fifteen weeks, with a term of nine weeks and a term of six weeks. An unusually full curriculum will be offered to meet the needs of beginning students, commercial students, and those wishing to take "war" courses in the industrial arts.

While the entire list of courses cannot be mentioned, here are some of special and timely importance:

Agriculture: Chef course for men preparing for specialized military service. Given by Home Economics Department.

Art: New courses, Commercial Design and Modern Painting Approaches, open to advanced or graduate students. A new, efficient pottery kiln enables the department to offer Advanced Ceramics.

Biology: Freshman and sophomore work may be completed. Of special importance to prospective nurses, doctors and teachers.

Postponed Regional Meet Here May 2

Pole Vault Is Only Original Record To Withstand Attacks

Rather than have the contestants run on a track that was knee deep in mud and mire, the officials of the Interccholastic League postponed the meet that was to be held last Saturday to this Saturday, May 2.

All of the regional track and field meet records of the Interscholastic League here have been broken since 1934.

The original records were made in a raging dust storm. Ten of them were broken in 1935, a year later. Three more marks were set in 1936, but none fell in 1937. One mark was broken in 1938, two in 1939, and two in 1940.

Last week the district record in the 440-yard relay set by Amarillo bettered the regional record of 46.4 second. The district record is now 46 seconds.

Millican of Amarillo Saturday hurled the discus 135 feet, 2 inches to better the 130 feet, 2 inch regional mark.

Current records are as follows:

120-yard high hurdles—Compton of Mobeetie, 1935, 15.1 seconds.

100-yard dash—Jones of Hedley, 1935, 10 seconds.

200-yard low hurdles—Haiskell of Pampa, 1041, 23.9 seconds.

440-yard dash—Kirkland of Dumas, 1935, 51.2 seconds.

220-yard dash—Jones of Hedley, 1936, 21.5 seconds.

880-yard run—Lambert of Muleshoe, 1938, 2 minutes 4 seconds.

Mile run—Manning of Brownfield, 1935, 4 minutes, 45 seconds.

Mile relay—Amarillo, 1940, 3:33.7.

Pole vault—Schultz of Tell, 1934, 11 feet 6 inches.

Broad jump—Minor of Tahoka, 1940, 22 feet ½ inch.

Discus—Hughes of Lamesa, 1935, 130 feet 2 inches.

High jump—Smith of Tell, 1935, 6 feet.

Shotput—Wilkerson of Tell, 1936, 48 feet 9 inches.

440-yard relay — Amarillo, 1941, 46.4 seconds.

The regional meet will be confined to the single afternoon. Coach Al Baggett will direct the athletic events.

W. T. Track Men Entered Border Meet This Week

Track men of West Texas State will have their guns set high this week in hopes of blasting out some points in the rough riding Border Conference Track and Field meet to be held in Tempe, Arizona this Friday and Saturday, May 1-2.

Going is expected to be plenty tough because the highly favored University of Arizona is entered. The U. of Arizona's last count was a 90 to 50 walk away over Southern California. Southern Cal has one of the strongest outfits in the Pacific Coast League.

From the summaries of the meet last week at Tech, perhaps a pre-meet prediction can be had.

120-yard high hurdles won in Tech by Paul House with a time of 16.9 will have to be lowered to at least 15.9 to equal the Cactus Loop record.

100-yard dash which McMahan took 10.7 seconds, will have to drop off at least 10.1.

220-low hurdles won in Tech by Leslie Curb in 28 seconds, will have to be cut to 25.2 seconds.

In the 880-yard event, Tom Brooks will have to cut his present time of 2 minutes 16 seconds down to at least 2 minutes 9 seconds.

Last year's Border Conference record in the javelin throw was 190 feet 8½ inches. Price Brookfield's distance at Tech was 156 feet 2 inches.

The measurement in Lubbock on the high jump of Frank Stockman of 5 feet 11 inches will equal last year's blue ribbon winner in that division.

In the pole vault contest, Frank Stockman went 10 feet 9 inches. This height will have to be raised at least a foot to place high.

All the times and distances that were taken in Tech were on a reasonably muddy ground. It can be expected that the times in Tempe will be faster.

Buffalo trackmen to compete in the meet Friday and Saturday are: J. P. McMahan, Mack Winter, Frank Stockman, Price Brookfield, Olin Reed, Leslie Curb, Berl Pruitt, Vergil Kelly, Tom Brooks, Weldon Dowlen, Alva Thornburg, Johnny Thomas and Walter Word.

Traveling with the track squad will be the four-man tennis team composed of Bobby Skeen, Clark Jones, Gerald Matlock and Duncan Kirkpatrick.

Tennis coach Jack Jouette will be unable to accompany his team.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of May 3, 1917)

An Army Officer arrived in Amarillo yesterday to accept enlistments for the first officers training camp. Chas. F. Hunt and Clyde Warwick were the first in line among 100 applicants, but the officer received a telegram that the camp was full and no more applicants could be handled. Among the candidates who had volunteered previously by mail were: J. L. Gober, L. V. Bentley, J. W. Younger, Jess Pipkin, Henry C. Gamble, Ben A. Terrill, Guy Ballard, John Bates.

31 students from the normal are now enlisted in the armed services.

The conscription bill was passed by Congress Saturday and will soon be put into operation. Sheriff W. A. Jennings has been notified by Governor J. E. Ferguson to prepare to register men of military age in Randall county.

Oh! Unseen Power that rules and controls the destinies of the children of earth; teach me the symphony of life so that my nature may be in tune with Thine. . . . If I win, crown me with the laurels fitting to be worn by a victor, and if I fall, may it be with my face to the foe, fighting manfully, and falling, fling to the host behind,—play up, play up, and play the game.—William J. Robinson.

Let us restore to social intercourse that harmony and affection without which liberty and even life itself are but dreary things. And let us reflect that, having banished from our land that religious intolerance under which mankind has so long bled and suffered, we have yet gained little if we countenance a political intolerance as despotic as wicked, and capable of as bitter and bloody persecutions.—Thomas Jefferson.

Barbara: "What did father say when you told him you wanted to marry me?"

George: "He didn't object, but he did impose one serious condition."

Barbara: "What was that?"

George: "He said he'd see me hanged first."

Here lies the remains of James Pady, Brickmaker, in hope that his clay will be remoulded in a workmanlike manner, far superior to his former perishable materials.—Epitaph from Addiscombe Churchyard, Devonshire.

City Boys Go Back to Farm

Some of the 33 boys who have enrolled at Bowdoin Farm School, near New Hamburg, N. Y., never saw a farm before. Now they have learned something of planting, crop storage, harvesting, care of livestock, milking, and how to get the most eggs from the fewest chickens. After graduation they'll be placed in farm jobs with farm families. Fred Ditmar, 17, checks the harness on a team of horses.

BEHIND YOUR DOCTOR STANDS YOUR DRUGGIST

When you enter a tall building, you have faith that the builder so constructed it that it will not come down around your ears. This is the type of faith your doctor has in his druggist. He knows that trained pharmacy is a right arm to medicine—that those who "build" prescriptions do so with an experience that knows not the saying: "to err is human!"

Influence of Rotary In South America Subject Tuesday Talk

Augustine Turner, representing Rotary International, talked at the weekly Rotary luncheon Tuesday on the splendid achievements of Rotary in South America. He has lived in Chili for 27 years and organized the first Rotary club in Chili.

The background of North and South America causes much of the differences which exist, stated the speaker. South America was settled by greedy adventurers who were seeking gold and silver. North America was settled by people seeking freedom, religious and political.

People of the United States do not know South America as they should because of distance. It takes 21 days by boat or five days by plane, whereas Europe is much closer. The language of the peoples is entirely different. The average American thinks that the surpluses of the two hemispheres are the same, but there are only five basic commodities, wheat, meat, oil, corn and cotton. There are 200 different commodities which South America must import, and most of these come from the U. S. At the present time there are many commodities we must have from South America, but labor and transportation difficulties are a great handicap.

Secretary Cordell Hull has made great progress in cultivating friendship with South America through trade agreements. There must be free trade, stable currency and solution of distribution problems to make friendship real.

The speaker pointed to the splendid work of Rotary in cultivating friendship between the nations of South America. Wars have been averted; trade restored; friendship made possible through Rotary. Within the nations, retirement funds have been established; housing improved; health programs inaugurated; establishment of 146 peace organizations which are working for peace.

Visitors were: John Ballard, Bob Clements, W. S. Norman, Leroy White, Ted Neeley, E. M. McMurtry, Judge E. C. Nelson, all of Amarillo; Frank Sheppard of Bryan; Joe Banks of Canyon.

Lady in Bookstore: "Where can I find a book on back yard gardening?"

Clerk: "Fiction department to the rear, madam."

Patient: "Do you think my smoking is hurting me, Doctor?"

Doctor: "Well, I think you had better stop smoking, if you can. If you can't, you must."
